

COMPACT BOX BLADE SCRAPER

CBB 4FT, 5FT & 6FT

Standard Features:

- Cat 1 Hookup
- Adjustable ripping shanks
- Replacable high carbon blades

Product Information:

Our Compact Box Blade Scrapers features adjustable ripping shanks along with high carbon front and rear cutting/leveling blades. The straight forward design provides for a versatile implement that you will find multiple projects to use on such as spreading material like soil or gravel, and for light grading, leveling, or backfilling for driveways, lawns, gardens, building sites, etc. This unit simplifies maintaining your farm, property, or place of business.
